Nationality: French

EDUCATION

2023 - Now	Master in computational neurosciences and neurosciences engineering (Neuro-X) Ecole Polytechnique Fédérale de Lausanne (EPFL), Switzerland (Currently: 4.66/6 GPA)
2019 - 2023	Bachelor in Life Science engineering Ecole Polytechnique Fédérale de Lausanne (EPFL), Switzerland. (Result : 4.59/6 GPA)
2022 - 2023	International Exchange Universidad Politécnica de Madrid, Spain in the Escuela Técnica Superior de Ingenieros de Telecomunicación (ETSIT) and Escuela Técnica Superior de Ingeniería Agronómica, Alimentaria y de Biosistemas (ETSIAAB) faculties
2016 - 2019	Baccalauréat Scientifique (S) Mention Très Bien (>80%) European Section (English) - Option in Life & Earth Sciences Lycée général Rabelais, Meudon, France

EXPERIENCES

Sep 2025 - Feb 2026	Internship at Yneuro Data scientist/engineer at Yneuro, French startup developing the first neuronal authentication solution. EEG data/metadata extraction, curation & validation, montage alignment & transformation, unit test development.
Sep 2024 - July 2025	Laboratory Project Creation a predictive machine learning algorithm for visual skills thresholds using EEG data and steady-state visual evoked potentials (SSVEPs), Laboratory of psychophysics (LPSY), EPFL: Signal Processing & Analysis, Deep learning models creation & fine tuning
Spring 2025	Optimization for Machine Learning project Optimization analysis of Adaptative Noise injection in Convolutional Neural Networks & Resnet18 models training using CIFAR-10 Dataset: Deep learning models creation, Noise & Learning rate scheduler creation, Stochastic regularization, Image classification
Autumn 2023	Machine Learning project Efficiency analysis of deep learning models on markless pose estimation under the supervision of Sensory-Motor Systems laboratory at ETHZ, Zurich: Deep learning models creation and optimization, data preprocessing
Autumn 2023	Data analysis project Beer review dataset processing and analysis on seasonal beer trends: Data processing, data analysis, statistical testing

EXTRA CURRICULAR

Autumn 2021 & Spring 2024	Teaching assistant at EPFL Assistance to students during exercise sessions in Linear Algebra (Professors Candil & Bossoney)
Sep 2024 - Jan 2025	Erasmus Student Network (ESN) EPFL Board member - Welcome Week Coordinator: Planning and coordinating 10 events in 8 days for the integration of incoming exchange students. Managing a 27-person organizing committee - Managing 70 staff. 50'000 CHF budge. 90-200 participants
Feb 2025 - July 2025	Human Ressources Manager

SKILLS

	- Python (PyTorch, scikit-learn, TensorFlow, SciPy, Matplotlib, Pandas), C++, R, Matlab, HTML, CSS, Java, GitHub, LaTeX, Pack Office - Teamwork, Adaptability, Organization, Rigorous
Languages	- French - Native language, - English - C1, - German - B2, - Spanish - A2
Areas of interest	Science, geopolitics, cooking, rugby
